

CLUE 2

PARKS AND RECREATION EDITION

It's been all over the news. Another crime took place in the Fairbanks North Star Borough – oh no! You are the town's newest detective and we need your investigative skills to figure out which of our suspects has a secret worth killing for! The only thing is you don't have any evidence to solve the crime... yet. Use your sleuth and prowess to collect definitive proof of the murderer, murder weapon and crime location.

Clues will be hidden along Eagle Trail at Tanana Lakes, at the Pioneer Park Playground, at Snedden Memorial Park, along the Nature Trail at Chena Lake Recreation Area River Park (North Pole), at the Sunrises Rotary Playground and along Outhouse Loop Trail at Birch Hill.

Search high and low for paper clues along the trails and in the parks that will mention either a suspect, weapon or location that ***wasn't used*** in the crime. Each location has one location clue, one weapon clue and one suspect clue (*except for the crime location that is!*). **If you find no clues at a location, you have solved where the crime took place!** You will need to walk or bike on each path to make sure you don't miss any evidence. By a process of elimination, your investigative skills will lead you to the murderer, murder weapon and crime location.

Once you have solved the murder mystery, email lauren.eck@fnsb.us with your answer to see if you are correct! Let us know many detectives are in your family. Three lucky families will be drawn to win a Coldstone Creamery Gift Card & Parks and Recreation swag!

DON'T give away the answer online, we want to keep this fun going for and give everyone a chance to figure it out.

Be sure to maintain appropriate social distancing while you investigate and please don't touch or remove the clue! Have fun & good luck!

**THIS MYSTERY WILL BE AVAILABLE FROM JULY 10 - JULY 31.
